FREE YOUR MIND

Who we are and what our mission is:

In Adventure Trip we are not a conventional travel agency. We choose the best destinations where you can free your mind, practicing extreme sports in paradisiacal places where contact with nature is the basis for living the experience to the fullest.

We are committed to the environment and we love transmitting the values and passion of these sports to raise awareness and help personal development.

How do we do it?

We organize and customize our experiences to the 100%, so that from the beginning of the trip you don't have to worry about anything other than enjoying the experience as much as you can.

We will take care of the rest!

In each of our experiences you will always have the presence of one of our members of the ADV.TRIP team to make sure everything goes very well!

You will only have to take care of living and enjoying the experience to the fullest, which is the essence of Adventure Trip!
